Communicating with the Instructor

This course uses a “two before me” policy in regards to student to faculty communications. When questions arise during the course of this class, please remember to check these two sources for an answer before asking me to reply to your individual questions:

1. Course syllabus
2. Announcements in Blackboard
3. Email me!

This policy will help you in potentially identifying answers before I can get back to you and it also helps your instructor from answering similar questions or concerns multiple times.

If you have questions of a personal nature such as relating a personal emergency, questioning a grade on an assignment, or something else that needs to be communicated privately, contact me via email or phone. My preference is that you will try to email me first.

Please allow 24 hours for me to respond to emails Monday-Friday and 48 hours on the weekend.

If you have a question about the technology being used in the course, please contact the Doane University Help Desk for assistance.

My Grading Standards

The text below defines the outlines of the standards for the grades of A, B, C, D, and F, in my classes at Doane University.

A implies excellence in written and oral presentation, performance, attendance, discussion, class participation and attitude. It is the highest level of professionalism in my classes. The work is, on the whole, not only clear, precise, and well-reasoned, but insightful as well.

B implies above average in written and oral presentation, performance, attendance, discussion, class participation and attitude. It is the next level of professionalism in my classes. The work is, on the whole, not only clear, precise, and well-reasoned, but does not have the depth of insight.

C implies average in written and oral presentation, performance, attendance, discussion, class participation and attitude. It is the next assessment level in my classes. The work is, on the whole, inconsistently clear, precise, and well-reasoned, and does not have the depth of insight or even consistent competence. This level of work is not acceptable for consideration for continuation in either undergraduate or graduate courses.

D implies below average work in written and oral presentation, performance, attendance, discussion, class participation and attitude. It is the next assessment level in my classes. On the whole, the student tries to get through the course by means of rote recall, attempting to acquire knowledge by memorization rather than through comprehension and understanding. The work is also inconsistently clear, precise, and well reasoned, and does not have the depth of insight or even consistent competence. F This level of work is not acceptable for consideration in either undergraduate or graduate courses.
