Legal & Ethical Issues in Health Care / Nursing HSI 430 / NRS 430 3 credits

## **Course Catalog Description**

All nurses in today's health care environment are faced with multiple ethical challenges which are related either directly or indirectly to cost-conscious hospitals, managed care payment plans, nursing staffing problems, the looming nursing shortage, and complex medical conditions that affect not just individuals, but whole communities. This course focuses on the legal and ethical rights, responsibilities, and obligations of the practicing nurse in a rapidly changing health care environment. The Nebraska Health and Human Services Accountability for Professional Conduct of Nurses and the American Nurses Association's Code of Ethics are used as guides to examine implications for legal and ethical decision-making. Students learn the specific responsibilities and obligations they have to those they serve and develop a professional self-definition as a practitioner of the art and science of nursing. Prerequisites: BIO 309, ECO 203, ECO 329, NRS 220, NRS 307; Cross-list HSI 430

## **Course Grading**

### **Grading Scale & Feedback**

Assignment of letter grades is based on a percentage of points earned. The letter grade will correspond with the following percentages achieved. All course requirements must be completed before a grade is assigned.

<b>A</b> +	97-100	A 94-96	A- 90-93
B+	87-89	B 84-86	B- 80-83
C+	77-79	C 74-76	C- 70-73
D+	67-69	D 64-66	D- 60-63
F	59 and below		

**Feedback:** Please allow 3-5 days for feedback on assignments. This timeframe is dependent upon the level of detail that I provide and the number of students in the course. **I expect you to read my feedback and make changes if needed.** 

#### **Course Schedule**

The course schedule will be provided in the online learning management system, Blackboard.

## **Course Requirements**

#### **Attendance Guidelines**

You should plan to work on this course several times each week. For an online course, this means that you must have a reliable and consistent internet connection throughout the duration of the course. It is strongly recommended that you not miss any scheduled classes and avoid prolonged absences from an online course. This is an eight (8) week, fast-paced course and it would be extremely difficult to catch up after an absence(s).

## **Attendance/Participation**

Preparation for class means reading the assigned readings & reviewing all information required for that week. Attendance in an face-to-face course means attending scheduled class sessions and participating in all activities that take place in class. Attendance in an online course means logging into

the Blackboard and on a regular basis and *participating* in all activities that are posted in the course.

### **Studying and Preparation Time**

The course requires you to spend time learning the content, preparing and completing assignments. This is three credit course. A three credit course requires 144 hours of student work. This course requires a minimum of 6 hours per week learning the content and a minimum of 6 hours per week preparing and completing assignments. These hour minimums are based on Department of Education guidelines. The pace of learning varies among students. You should expect to spend approximately 12 hours per week preparing for and actively participating in this 8-week course.

### **Late or Missed Assignments**

All assignments must be finished and turned in to complete the course. Unless the instructor is notified BEFORE the assignment is due, it is automatically docked 10% each day (24 hr) it is late. Unless the instructor was notified ahead of a due date and received approval, a student will be penalized for completing coursework late. The penalty is a 10% reduction for each late day. Assignments more than one week late will receive a zero. All due dates are Central Standard Time (CST).

Federal requirements state that students must complete 75% of the course work to be eligible to receive an incomplete for the course. If students fall more than two weeks behind, they cannot meet this requirement.

### **Online Courses ONLY**

#### **Online Course**

This is an online course and therefore there will not be any face-to-face class sessions. All assignments and course interactions will utilize internet technologies.

### **Communicating With the Instructor**

This course uses a "three before me" policy in regards to student to faculty communications. When questions arise during the course of this class, please remember to check these three sources for an answer before asking me to reply to your individual questions:

- 1. Course syllabus
- 2. Announcements in Blackboard
- 3. The "Question Center" discussion board

This policy will help you in potentially identifying answers before I can get back to you and it also helps your instructor from answering similar questions or concerns multiple times.

If you cannot find an answer to your question, please first post your question to the "Question Center" discussion board. Here your question can be answered to the benefit of all students by either your fellow students who know the answer to your question or the instructor. You are encouraged to answer questions from other students in the discussion forum when you know the answer to a question in order to help provide timely assistance.

If you have questions of a personal nature such as relating a personal emergency, questioning a grade on an assignment, or something else that needs to be communicated privately, contact me via email or phone. My preference is that you will try to email me first. Please allow 24 hours for me to respond to emails Monday-Friday and 48 hours on the weekend.

If you have a question about the technology being used in the course, please contact the Doane University Help Desk for assistance.
